

# Floyd's Fork Stakeholder Process

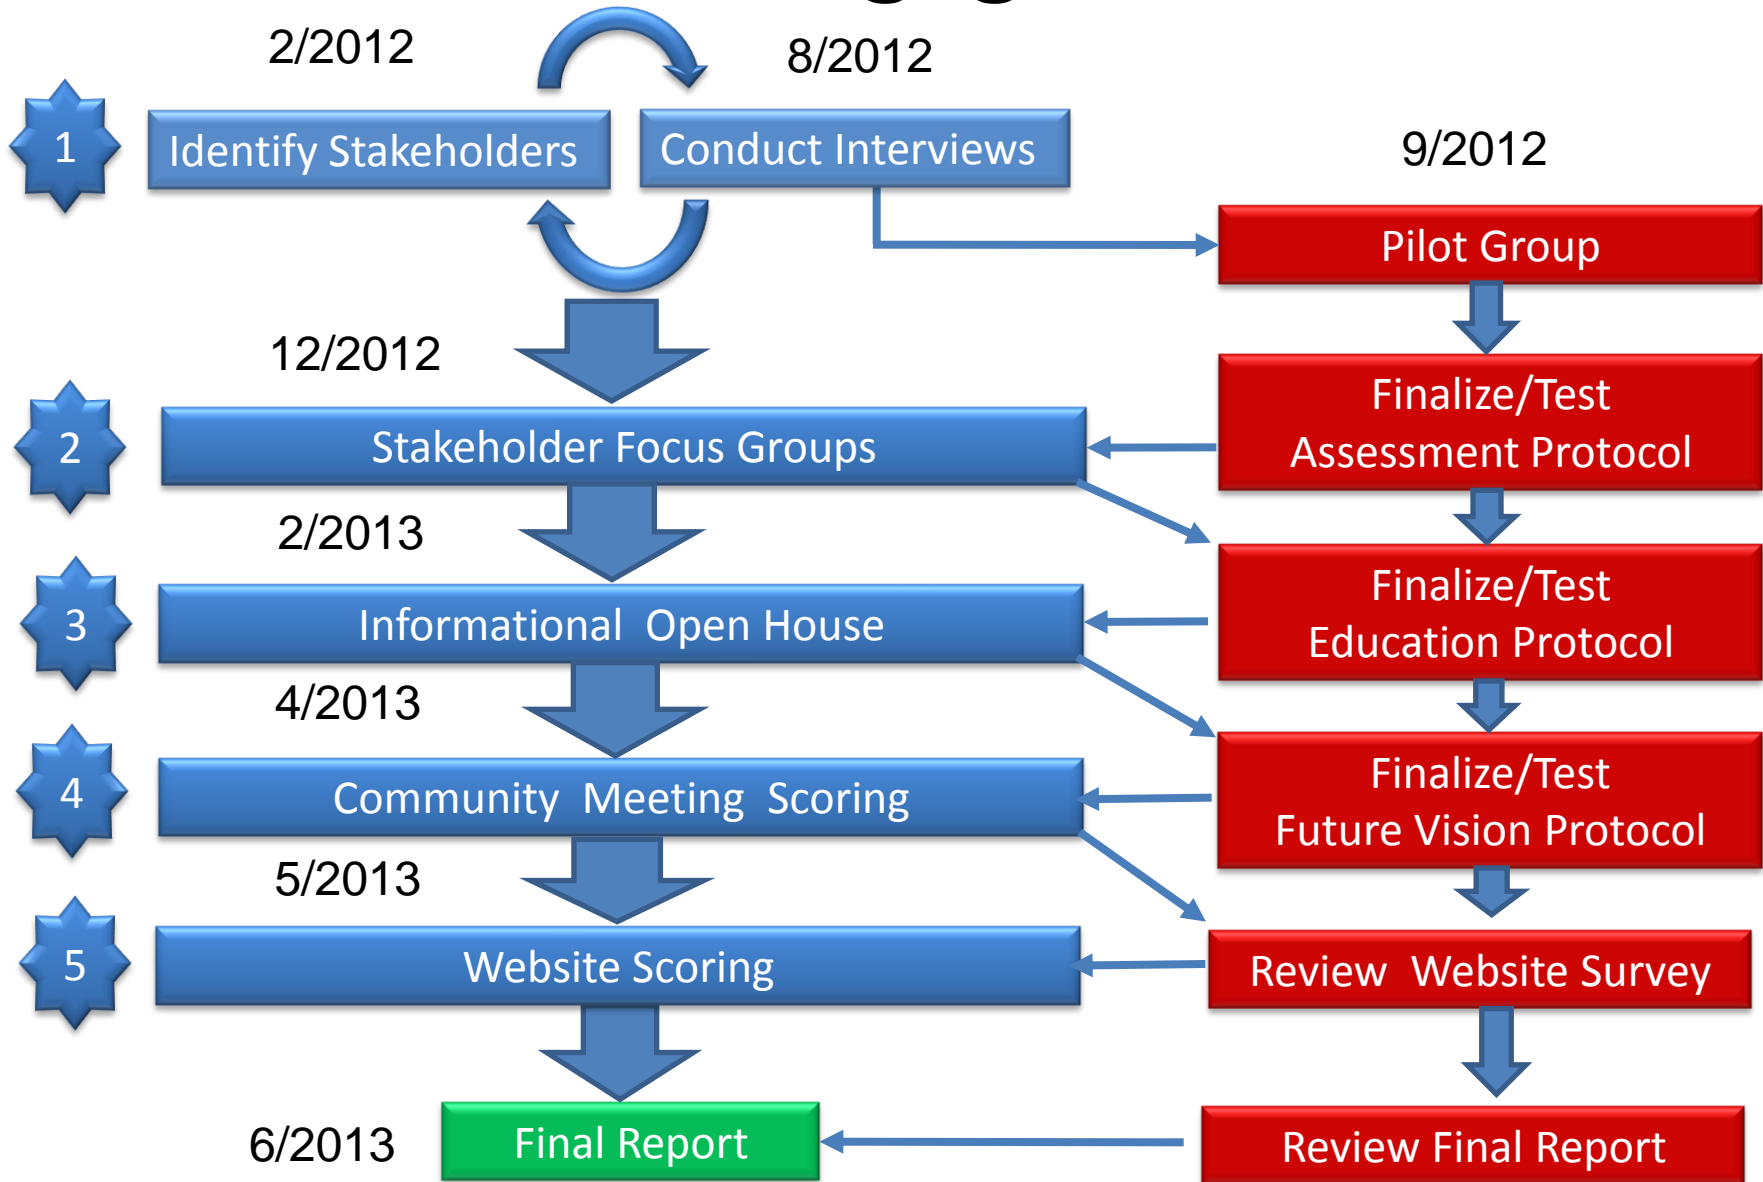

Lindell Ormsbee  
Director Kentucky Center of Excellence for Watershed Management  
[lormsbee@engr.uky.edu](mailto:lormsbee@engr.uky.edu)

# Basic Goals

- This project is separate from the TMDL project and is **not** developing:
  - A watershed plan.
  - An implementation plan for the TMDL.
- Identify and assess community perspectives on **possible nutrient management strategies** for the Floyds Fork watershed that could help inform possible future proposals by the Kentucky Division of Water.

# Stakeholder Engagement Process

# Progress To Date

- To date we have interviewed 60 individuals drawn from the following groups:
  - Agriculture
  - Environmental Interests
  - Development Interests
  - Government
    - Federal
    - State
    - Local
  - Industry
  - Consulting
  - Universities
